PROFESSIONAL SUMMARY

Software engineer with hands-on experience shipping mobile applications and API-driven systems using Flutter, Kotlin, and Python, with strong grounding in authentication, data handling, and REST integration. Actively building full-stack depth in JavaScript, Node.js, Express.js, PostgreSQL, and MongoDB.

TECHNICAL SKILLS

Languages: JavaScript, Python, Kotlin, Dart, SQL

Backend: Node.js, Express.js, RESTful API Design & Integration, Asynchronous Programming, JSON

Databases: PostgreSQL, MongoDB, Firebase (Authentication, Firestore)

Frontend & Mobile: Flutter, Jetpack Compose, Responsive UI Design

State Management: Provider, Riverpod, Bloc/Cubit

Tools & Practices: Git, GitHub, Postman, VS Code, Object-Oriented Programming, Debugging

PROJECTS

Movie Review App — Native Android Platform

Kotlin, Jetpack Compose, TMDB API, Firebase Auth, Firestore | github.com/ADITYA8405/Moviesreviewapp

- Built a native Android app integrating the TMDB API for trending titles, TV shows, search, and detailed content pages.
- Implemented Firebase Authentication and Firestore-backed favourites, watchlist, reviews, and per-user data.
- Added debounced search, optimistic UI updates, and real-time discussions with owner-only edit/delete controls.

Newzify — News & Social Sharing App

Flutter, Firebase, REST APIs | github.com/ADITYA8405/NEWZ-ify

- Built a Flutter news app with Firebase authentication and category-based browsing powered by REST APIs.
- Implemented “Share Your Take” for user-generated posts, with direct sharing to social media platforms.
- Designed a responsive UI using reusable components and asynchronous API handling.

Social Media App

github.com/ADITYA8405/social-media-app

Flutter, Dart, Firebase, Supabase

- Built a full social app with email/password auth and persistent sessions, image posts, and real-time likes and comments.
- Implemented follow/unfollow with live follower stats and real-time user search by name or email.

EXPERIENCE

Frontend Mobile Developer Intern

Alluring Minimalist — Online Jewelry E-commerce Company

- Developed and maintained Flutter UI components for the product catalog and browsing features.
- Implemented responsive layouts and optimized UI rendering performance across devices.
- Collaborated on improving UI consistency and interaction flows for the end-to-end mobile shopping experience.

EDUCATION

B.Tech in Computer Science & Business Systems (CSBS)

Bharati Vidyapeeth College of Engineering, Pune

[2027]

CGPA: 8.6

ACTIVITIES & ACHIEVEMENTS

- Winner, MIT Debate Competition; Finalist, IIT Bombay (Storytelling & Just a Minute).
- Member, DebSoc (Literary Council); represented in inter-college debates at Symbiosis, Fergusson College, MIT, and CRMD Mumbai.
- Editorial Board Member, Annual College Magazine (published articles); Event Head, “Among Them”; anchor for college fests and official events.
