SUMMARY

Final-year B.Tech (CSBS) student building end-to-end analytics projects, from API data collection and cleaning to SQL analysis and dashboards in Power BI and Tableau. Comfortable explaining findings clearly, backed by debate and public-speaking experience. Looking for a data analyst role or internship.

TECHNICAL SKILLS

Querying & Languages: SQL (PostgreSQL), Python

Analysis: Pandas, NumPy, Jupyter, Exploratory Data Analysis, Data Cleaning, Data Modelling

Visualization & BI: Power BI (DAX), Tableau

Tools: Git, GitHub, SQLAlchemy, REST APIs, Postman, VS Code

PROJECTS

Job Market Analytics — Data Analyst Postings

github.com/ADITYA8405/Job-market-analytics

Python, Pandas, Adzuna API, PostgreSQL, SQL, Tableau

- Collected 500 Data Analyst job postings via the Adzuna API; cleaned with Pandas and extracted 14 tracked skills using pattern matching.
- Modelled data in PostgreSQL (jobs, job_skills) and built SQL views for skill demand, skill combinations, and location, title and company demand.
- Built a Tableau dashboard (500 jobs, 348 companies, 47 locations): SQL appeared in 21.2% of postings and Python + SQL was the top skill pair (9.6%).
- Documented sample and extraction limitations so findings are not over-generalised.

Customer Purchasing Behaviour Analysis

github.com/ADITYA8405/Analysis-of-Customer-Purchasing-Behaviour-

Python, Pandas, PostgreSQL, SQL, Power BI, DAX

- Inspected and loaded ~3.9K customer purchase records into PostgreSQL using Pandas and SQLAlchemy.
- Wrote SQL (aggregations, CASE WHEN, top-N) for revenue, subscriber spend and per-product discount-rate analysis.
- Built a Power BI dashboard with DAX measures for revenue, customers, average purchase (\$59.8) and review rating (3.75).

Social Media App

github.com/ADITYA8405/social-media-app

Flutter, Dart, Firebase, Supabase

- Built a full social app with email/password auth and persistent sessions, image posts, and real-time likes and comments.
- Implemented follow/unfollow with live follower stats and real-time user search by name or email.

EXPERIENCE

Technical Intern

Feb 2026– July 2025

Alluring Minimalist — Online Jewelry E-commerce Company

- Developed and maintained UI components for the product catalog and browsing features.
- Implemented responsive layouts and optimized UI and dashboard rendering performance across devices.
- Collaborated on improving UI consistency and interaction flows for the end-to-end mobile shopping experience.

EDUCATION

Bharati Vidyapeeth College of Engineering, Pune

2023 – 2027 (Expected)

B.Tech in Computer Science & Business Systems (CSBS)

CGPA: 8.67

ACTIVITIES & ACHIEVEMENTS

- Winner, MIT Debate Competition; Finalist, IIT Bombay (Storytelling & Just a Minute); inter-college debater at Symbiosis, Fergusson College, MIT and CRMD Mumbai.
- Member, DebSoc and Literary Council; Editorial Board Member, annual college magazine; Event Head, “Among Them”; anchor for college fests and official events.
